

Ready to partner with Mariposas Spanish? We are excited to serve your school in the best way possible! Send us an email at info@mariposasspanish.com with the following information:

1. School Wide or Registration Based

- Would you like Spanish to be registration based and parents register their students?
- Would you like Spanish offered as part of your school and included in school tuition?

2. How many days a week and how long?

Let us know if you would like classes to be once, twice or three times a week. Classes can be for 30, 45, 60 or 90 minutes. We'd be glad to advise you on the best length and frequency depending on your age groups.

3. Options for Days & Times

Give us several options for days and times that you prefer so we can look at our schedule to find a time that fits with us.

4. How many groups and ages?

Please list how many classes and what ages per class you are requesting. For toddler we usually have a max of 7, preschool 8 to 10, elementary 12 to 14. If your groups are larger and will be offered as part of the school tuition, we will request the school provide an assistant teacher.

5. School Information

- Where is your school located? This also helps us plan for driving time and assess if the days/times fit with our scheduling.
- The best person for point of contact (name, phone number, and email).

Our requests for you:

1. Clean classroom space with space for circle and tables for students to do classwork.
2. Support of the program through parent communication/promotion & any assistance needed during class transitions.
